

¿Cansado de búsquedas bibliográficas sin acceso al artículo?

SERME ofrece a sus socios y simpatizantes formar parte del grupo “Mendeley-SERME”*, donde publicamos el listado bibliográfico de la literatura radiológica músculo-esquelética accesible si eres socio de SERME y SERAM, incluyendo además aquellos artículos más relevantes que son ofrecidos “on-line” de forma gratuita por muchas de las mejores revistas radiológicas. Disfruta de casi 10.000 referencias bibliográficas de disponibilidad asegurada para nuestros socios, desde el año 1996 hasta la actualidad en las siguientes revistas

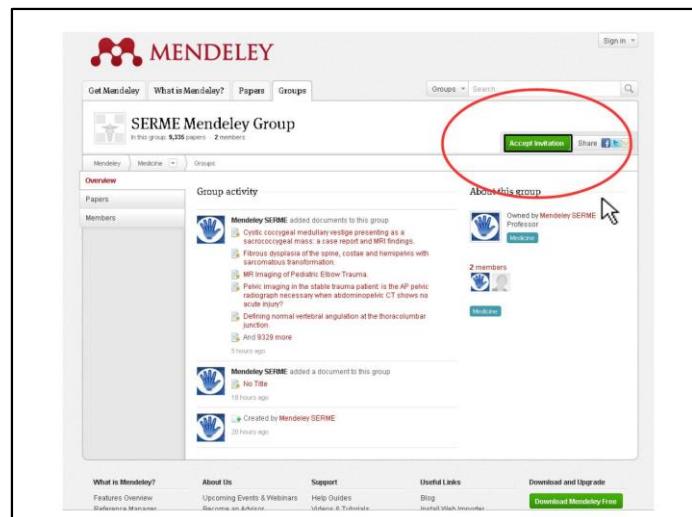

(AJNR, AJR, Current Problems in Diagnostic Radiology, Emergency Radiology, European Journal of Radiology., European Journal of Radiology Extra, European Radiology, Magnetic Resonance Imaging, Journal of Computer Assisted Tomography, Neuroimaging Clinics of North America, Neuroradiology, Pediatric Radiology, Radiographics, Radiologic Clinics of North America, Radiology, Radiología, Seminars in Musculoskeletal Radiology, Seminars in ultrasound, CT, and MRI, Skeletal Radiology, Ultrasound Clinics...)

(Mendeley es un gestor bibliográfico web y de escritorio, propietario y gratis, que permite gestionar y compartir documentos de investigación) <http://www.mendeley.com/>

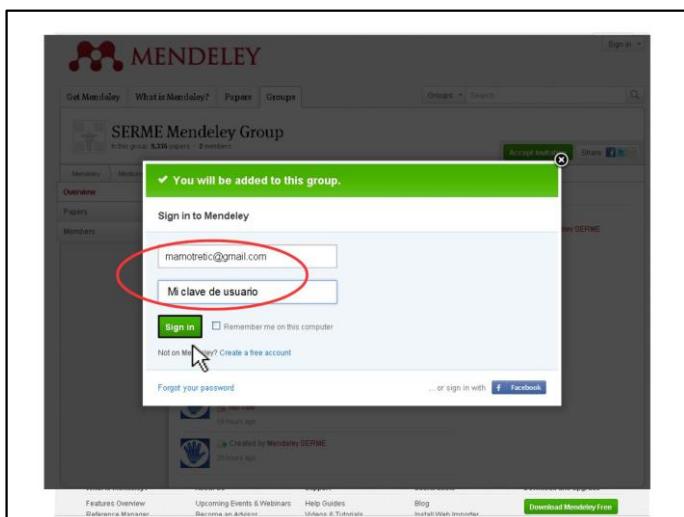

Si eres socio de SERME, recibirás en breve una invitación por vía email que te permitirá unirte a nuestro grupo Mendeley, siguiendo los sencillos pasos que se detallan a continuación:

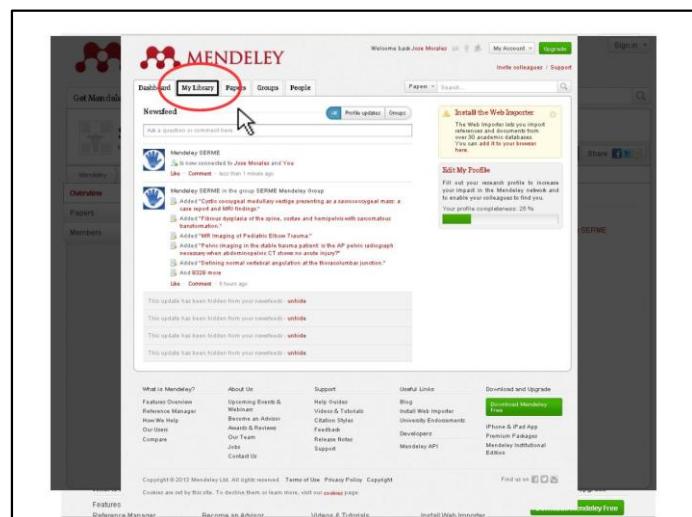

Previsualiza Mendeley antes de incorporarte al grupo

Acepta la invitación siquieres formar parte de Mendeley SERME

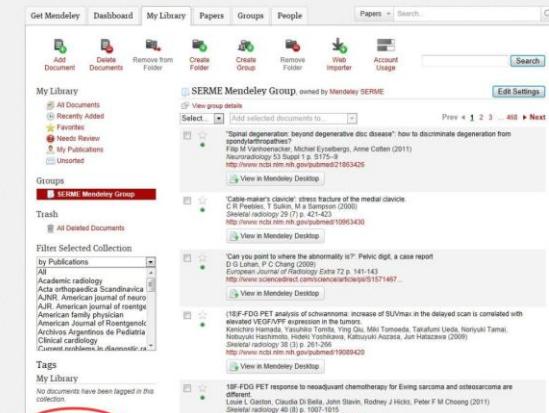

Adjunta tu email y clave de usuario

Accede a “My Library” para poder tener acceso a la bibliografía de Mendeley-SERME

The screenshot shows the Mendeley desktop application window. At the top, there's a navigation bar with 'Welcome back Jose Morales', 'My Account', 'Upgrade', and 'Logout'. Below the navigation bar is a toolbar with icons for 'New Document', 'My Library', 'Pages', 'Groups', 'People', 'Paper', 'Search', and 'Invite colleagues / Support'. The main interface is divided into several sections: 'My Library' on the left with a sidebar for 'Overview', 'Papers', and 'Members'; a 'GROUPS' section with a red circle highlighting 'SERENE Mendeley Group'; a 'Filter Selected Collection' dropdown; a 'Tags' section; and a 'Features' section at the bottom. The central area displays a list of documents with preview thumbnails, titles, and download links. A cursor is visible over the third document in the list.

Recomendado por SERME

Selecciona SERME Mendeley group para acceder a toda nuestra colección de referencias compartidas.

Pulsa “Recomendados por SERME” si quieres conocer los de mayor relevancia.

The screenshot shows the Mendeley website with a red circle highlighting the 'Get Mendeley' button. A mouse cursor is hovering over this button. A red arrow points from the 'Get Mendeley' button to a green button labeled 'Download Mendeley Desktop'. Below the green button, text indicates it's for Windows XP or later, and a link 'Need a different version?' is provided. The main title 'How to install Mendeley' is centered above three numbered steps: 1. Download Mendeley Desktop, 2. Install Mendeley Desktop, and 3. Open Mendeley Desktop. Step 1 shows a screenshot of a Windows file download window for 'Mendeley-Desktop'. Step 2 shows an 'Open File - Security Warning' dialog box. Step 3 shows a screenshot of the Mendeley desktop application window. A feedback link 'Feedback' is visible on the left.

How to install Mendeley

1. Download Mendeley Desktop
2. Install Mendeley Desktop
3. Open Mendeley Desktop

Click the Mendeley file in the Downloads window.

Double-click the Mendeley Desktop icon and click run.

Open Mendeley and sign in with your e-mail and password.

Getting started with Mendeley Desktop

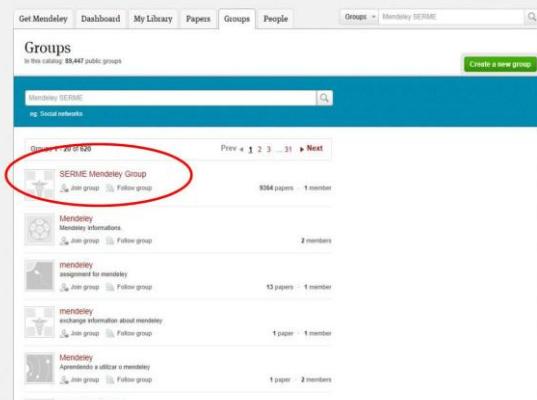

1 Add / import papers

- Drag and drop files and folders

¿Quieres tener tu propio listado bibliográfico on-line?. Selecciona "All Documents" y descarga las instrucciones para poder hacerlo

Instala Mendeley-Desktop para disfrutar en tu PC de las ventajas que ofrece Mendeley en modo local, y de su sincronización con “la nube”.

¿Eres ya de Mendeley y quieres unirte a nuestro grupo?. Búscanos desde la web y accede directamente a nosotros

Mendeley Medicine Groups

Overview

Papers Members

Mendeley SERME added documents to this group

- Sign in
- Tendon injuries of the hip
- Greater trochanteric pain syndrome
- Plantar bone marrow edema syndrome of the foot and ankle
- citations
- And 8 more

14th October

Mendeley SERME added documents to this group

- MR imaging of Ligament and Tendon Injuries of the Fingers!
- Ulnar collateral ligament of the thumb: MRI findings in cadavers, volunteers, and patients with ligamentous injury (gamekeeper's thumb)
- Normal anatomical variants of the labrum of the hip at magnetic resonance imaging: a systematic review
- Bone Confusion Patterns of the Knee at MRI Imaging: Footprint of the Mechanism of Injury
- Congenital tarsal coalition: multiaxial evaluation with emphasis on CT and MRI imaging!
- And 4 more

14th October

Mendeley SERME added documents to this group

- Cystic coccygeal medullary vestige presenting as a sacrococcygeal mass: a case report and MRI findings
- Florid dysplasia of the spine, costae and hemipelves with sarcomatous transformation
- MR imaging of Pediatric Elbow Trauma
- Paroxysmal attacks in the sacro-iliac joints: in the AFP series
